Application Questions

1. Have you ever thought about the heavens, the sky, the sun, or other parts of God's creation as witnesses telling about God's glory? If so, what have you seen and heard and what has it revealed to you about Him? What do Psalm 19:1-6 and Romans 1:20 add to your understanding?
2. What keeps people from seeing these things about God by looking at the creation? (See Rom. 1:18-32)
3. If all we knew about God came only from the creation elements David discusses, what would we not know about Him?
4. **How can you, personally, worship God as you see, hear and ponder His creation which is constantly speaking of His glory?**
5. In verses 1-6, David refers to the glory of "God." But starting in verse 7, he refers to Him as "LORD" which means "Yahweh." Read Exodus 6:2-7, and then explain in your own words why you think David makes this change from "God" to "Yahweh."
6. Fill in the table below from your observations of Psalm 7-11, and then answer question #7

7. **How can you, personally, worship Yahweh by pursuing getting to know Him in His Word?**
8. In verses 12-14, I believe that David is overcome with the fact that he, even though described in the scriptures as a "man after God's own heart," has not and cannot, live up to God's holiness as he so beautifully described it in verses 7-11, without the help of Yahweh Himself. Can you relate to David's prayer in 12-14? If so, please explain.
9. **How can you, personally, worship Yahweh in prayers of honesty, dependency, humility and gratitude for redeeming you and forgiving you of ALL your sins?**
10. Would you be willing to share with me your answers to questions 4, 7, and 9 via email this week? If so, my email is randy@bridgebible.church. **May the Lord give you a blessed week as you worship the only one who is worthy! (read Rev 4-5)**
